HOUSTON TO THE FRONT.

HOUSTON TO THE FRONT.

The following taken from the New England Conservatory Quarterly shows that Houston has taken first henors in the Music world at the Conservatory of Music in Hoston:

"The junior recupition to the senior in the musical department took place June 12 to the conservatory parfore. The recoms were insteadily descrated with magnetic ferms and statuncy, and when filled with the gnyly driessed company presented a very brilliant spectacle. The reception committee consisted of Mr. A. R. Kidd. investion: "37 Miss Katherine Stigler, vice president "37, Mrs. Lucia J. Gibbarb, president "48, Mr. Armond Forbin, "6, Mrs. R. Lepper, vice president "54, and Mrs. Fiew "4. Refreshments were served in the great dining hall and oussie and dancing brought the bleavant evening to a close. Mr. Aldridge Kidd will graduate with artist's diploma in "41."

proper notice had not been given to the designates at large, and the small attention was in the mean attention was in the next and the state of the convention was to be next at large, and the small attention was in the next and the state of the convention was to be next and the state of the convention was to be next and the state of the tent of the state Changed.

Grant Investment company to John Wespe, lots 178 and 180, Magnolia Gradens.

ELECTRICATES UNISER THE STREET

BICYCLISTS UNISER THE STREET CAR.

Further particulars concerning the collision of the two bacycle riders in front of the street car on Texas avenue develop that one fider who was en a 19-th Rambier track racer was riding carfully along when he saw a boy coming full speed towards him.

The boy's heavy wheel collided with the light Rambier, throwing it under the car. After polling it out it was found that the only damage done to the Rambier was a slight dent in the steel tubing. The Rambier rider immediately rode off, but the heavy machine had the handle bars and other parts twisted out of shape. This shows that the Rambier is what the makers claim for it—the strongest and lightest wheel on the market. The Rambier bicycle has been made for seventeen years and is fitted with the famous G. & J. tire, which is the eariest to repair when punctured. No lacing, cement or rags necessary to hold it to the rim.

On amount of this behar the last part of the bicycle season in the North the makers are now sciling in 100 Rambiers for \$8. The 19-th, Rambier is now on exhibition at Roy Spore's Bleycle Store, 605 Main street.

When asked with what medium he mixed his colors to produce such wonderful effect, replied, "Brains." When we are asked how we get our color, we say, "experience, help and machinery. "Jost anybody can do washing, but if you want the right color remember there is only one Model Laundry in Houston and it is at 1011 Prairie. Phone 187.

Hamburger & Dreyling, Props.

PIANO EXCHANGE, 615 Travis street, near Capitol. Bargains in planes and organs; tuning and repairing.
